The Department will conduct an 80-Hour OPOTA Basic Instructor Course. The training will be held from Monday, June 22, through Friday, July 3, 2015.

3. ONLINE SURVEY FOR SWORN OFFICERS

Ms. Stephanie Glass, a student at Northern Kentucky University, has been given permission by Chief Blackwell to conduct a survey focused on the "Below 100" campaign and how sworn officers utilize safety. Below 100 is an initiative to reduce police line-of-duty deaths to fewer than one hundred per year. The survey is designed to assess the basic safety equipment and behaviors of police officers working in Hamilton County, Ohio. The results of the survey will be assessed to help improve safety for officers in Hamilton County and beyond.

Definitions:

Qualified Law Enforcement Officer – An employee of a governmental agency who:

- is authorized by law to engage in or supervise the prevention, detection, investigation, or prosecution of, or the incarceration of any person for, any violation of law, and has statutory powers of arrest;
- is authorized by the agency to carry a firearm;
- is not the subject of any disciplinary action by the agency;
- meets standards, if any, established by the agency which require the employee to regularly qualify in the use of a firearm;
- is not under the influence of alcohol or another intoxicating or hallucinatory drug or substance; and
- is not prohibited by Federal law from receiving a firearm.

Information:

Supply Unit maintains a perpetual record of all Department owned and approved weapons.

The Law Enforcement Officers Safety Act of 2004 permits qualified active and retired law enforcement officers to carry concealed weapons nationwide.

The Law Enforcement Officers Safety Act does not supersede or limit the laws of any state permitting persons or entities from prohibiting or restricting the possession of concealed firearms on private property. Individual states still retain the authority to prohibit or restrict the possession of firearms on any state or local governmental property, installation, building, etc. (educational institutions, court houses, etc.).

Policy:

The Police Department will assign firearms only to sworn employees. With the prior written approval of the City Manager, the Department may assign a firearm to a qualified civilian employee **who has successfully demonstrated proficiency in the use of the agency authorized weapon. Proficiency must be to the standards set by the Rangemaster of the Department Firearms Training Squad (FTS).**

The Police Department will only dispose of weapons according to law and purchasing regulations.

While on duty, an officer will carry or have under his/her control only Department authorized weapons and ammunition. Personnel will carry the firearm as directed in Procedure 12.020, Uniforms, Related Equipment, and Personal Grooming.

The use of a weapon mounted light for the Smith and Wesson M&P 9mm semi automatic pistol is optional. An officer who chooses to use a weapon mounted light is responsible for its purchase, cost of repairs, and maintenance. The Rangemaster will inspect all weapon mounted lights for safety and compliance with this procedure and Procedure 12.020, Uniforms, Related Equipment, and Personal Grooming. Officers wishing to use a weapon mounted light must attend a two hour training session given by the Firearms Training Squad.

Backup handguns, which provide an officer with a backup firearm in the case of his/her primary sidearm being unavailable or when circumstances reasonably preclude or restrict its use, are optional. The carrying of a backup handgun is permitted whenever an officer is working in a law enforcement capacity in uniform or in plain clothes. Only one handgun may be carried for backup purposes. An officer who chooses to carry a backup handgun is responsible for its purchase, cost of repairs, maintenance, and ammunition. The backup handgun will not have an operational laser sighting system. It will not be carried in a law enforcement capacity unless approved by the FTS. Officers must annually complete an Ohio Peace Officer Training Academy approved qualification course with their backup handgun. The FTS will conduct training sessions on a quarterly basis for those officers wishing to carry a backup handgun.

Officers carrying backup handguns must secure them whenever they are required to secure their primary duty weapon (Hamilton County Justice Center, Juvenile Detention Center, training, etc.).

Off-duty handguns provide officers with an alternative to carrying the primary duty weapon while off-duty. Carrying an off-duty handgun is optional, and will not be carried unless approved by the FTS. An officer who chooses to carry an off-duty handgun is responsible for its purchase, cost of repairs, maintenance, and ammunition. Officers must complete an Ohio Peace Officer Training Academy approved qualification course with their off-duty handgun on an annual basis. The FTS will conduct training sessions on a quarterly basis for those officers wishing to carry an off-duty handgun.

Personally owned patrol rifles will augment the Department's complement of rifles currently carried in the field. The carrying of a personal patrol rifle is optional. **Only trained officers who are on the active patrol rifle program list** may carry a personally owned rifle while working in a law enforcement capacity. Officers are responsible for the purchase, cost of repairs, and maintenance. Officers who choose to carry a personally owned patrol rifle must complete a new users training course and qualify annually.

The FTS will conduct inspections on all personally owned patrol rifles for safety, serviceability and conformance. The Rangemaster has final approval on all personally owned patrol rifles and equipment to be carried.

Officers who choose to carry backup or off-duty handguns or a personally owned patrol rifle will adhere to Procedure 12.025, Authorized Weapons, Procedure 12.545, Use of Force, and Procedure 12.550, Discharging of Firearms by Police Personnel, as they do with their primary handgun.

Ammunition used for practice purposes must be **manufactured ammunition**. No reloaded ammunition is allowed.

All Department personnel authorized to carry lethal and less-than-lethal weapons will be issued copies of and be instructed in Department use of force policies and procedures before being authorized to carry a weapon. Only personnel demonstrating proficiency in the use of Department authorized weapons are permitted to carry those weapons, both on or off-duty.

Each officer must qualify annually with the Department issued primary duty weapon. With the approval of the Police Chief, the Rangemaster will determine qualification standards. An officer who fails annual qualification will be relieved of their police powers prior to leaving the training facility. Affected personnel will leave their badge, wreath, identification card, issued primary duty weapon, and ammunition with FTS personnel.

Each civilian employee assigned Department issued weapon must qualify annually with the issued firearm. A civilian employee who fails annual firearm qualification will surrender the issued firearm and ammunition to FTS personnel prior to leaving the training facility. A civilian employee may be reissued the Department issued weapon upon successful demonstration of proficiency in the use of the weapon to the FTS Rangemaster.

Officers must follow the provisions of this procedure and be in possession of their Department issued identification card to legally carry a concealed firearm under the provisions of the Law Enforcement Officers Safety Act of 2004.
